

# Job Title: Internship - Assessment on platform opportunities for emerging markets

Where others see barriers, we see opportunities.

Do you enjoy supporting customers realizing breakthrough value? Do you stay attuned to your customers' needs and visions? Do you like to work openly and supportively together with your colleagues and customers? Our work involves many different minds and skills, it can't be done alone.

## It's a great time being SES.

SES is the world-leading satellite operator providing end-to-end communication solutions. SES leads across new technologies in video, enterprise, mobility and government

We are a team of people coming from all across the globe who work together to make a real difference in the world.

- We help to bridge the digital divide by connecting millions of people on the African continent.
- We make it possible for people to stay connected while flying 10km up on a commercial airplane. We provide extensive satellite coverage of all of the world's seas and ocean regions via our dedicated mobility beams
- We distribute 7,400 channels to more than 1 billion people in 317 million homes.
- We work together with our partners to develop new standards that transform how people consume and enjoy entertainment.

## Internship - Assessment on platform opportunities for emerging markets

Luxembourg - Betzdorf

### Context

Up to 6-month internship, starting in June/July 2019

This is an exciting opportunity to become part of the Media Platforms team in a fast-paced, global organization within an innovative and unique industry. Based in Luxembourg (Betzdorf), you will contribute to identify and evaluate platform market opportunities especially for the emerging markets.

### **Your responsibilities**

You will have to familiarize with and understand the overall SES Video business structure and environment. With the collaboration of various departments, you will assist the team in:

- providing topical assessments (e.g. companies profile, business modeling) to support meetings with pan-regional and local stakeholders (ranging from Broadcasters and Platform Operators to Mobile Network Operators and Telecom Operators) in numerous markets;
- researching and interpreting market data to identify new business opportunities.

### **Your profile**

- Being an advanced student in Media, Business, Economics or in a relevant technical area;
- Strong interest in the media/telecommunication business and technical interest in satellites;
- Excellent analytical and judgment skills, attention to details is key;
- Ability to set priorities and to work under tight deadlines;
- Computer literate (MS PowerPoint, Excel);
- Work independently as well as in a team;
- Easiness to communicate at all levels;
- Fluency in spoken and written English with additional languages considered an asset;
- EU nationality or work permit for Luxembourg.

### **We offer you**

- A diverse workplace. For SES, diversity is more than a question of gender or race; we welcome different minds and different skills.
- An exciting job opportunity in a fast moving and fascinating industry. Our technology is launching into space on the next generation of rockets.
- Opportunities to further grow and develop in a global and growing company; we believe life-long learning is key to bring the best of SES worldwide.
- A competitive compensation package linked to your performance and further completed with attractive benefits.

SES is an equal opportunity employer and all qualified applicants will receive consideration for employment without regard to race, color, religion, sex, national origin, disability status, protected veteran status, or any other characteristic protected by law.
